The LCD TV that's also your high-performance PC.

TAKE CONTROL OF YOUR TV AND PC.

With the VAIO® V TV-PC, you can watch and record exceptionally high-quality television. It's convenient and easy with integrated program listings and on-screen navigation using the remote control. And with Click to DVD™ creation software and the DVD R Double Layer/DVD±RW drive, creating professional-quality DVDs is just one click away[3] . Create or record up to 8.5GB of home videos, movies, TV shows, music or digital photos - or up to 4 hours of MPEG2 video - on one Double Layer DVD disc. That's nearly twice the capacity of a single-layer disc.

INNOVATIVE ALL-IN-ONE DESIGN.

The sophisticated, modern styling provides maximum impact in a minimum space. All of the essentials for powerful computing performance are built right into the elegant, flat-panel display. Wireless keyboard, mouse and remote control eliminate cable clutter, and allow you to control the VAIO® V TV-PC from across the room.

ENJOY THE BEST OF SONY DIGITAL ENTERTAINMENT WITH THE VAIO® V TV-PC.

It comes loaded with all of the tools you need to create, manage, share and enjoy your digital photos, home videos, movies and music. Watch and record your favorite TV shows. Turn your home videos into professional-quality DVDs. Or, take your multimedia to the next level and capture, edit, convert and burn high-definition camcorder video.

YOUR TV AND PC IN ONE.

Sony's original Motion Reality™ technology allows you to enjoy the exceptionally high- quality TV experience on your PC that you do on your Sony® LCD TV. With Sony's XBRITE™ display technology, your TV shows, home videos and pictures come alive with bright, crisp, clear images. And, when you're ready to work, simply bring out the wireless keyboard and mouse to experience uncompromising computing performance.

It's your flat panel LCD TV. It's your high- performance PC. It's all in one. The VAIO® V TV-PC brings high- quality television to your desktop computer. Designed to be sleek and modern, yet highly-functional, it compliments any room. Original Sony® software lets your create, manage and share your digital photos, videos and music.

1. GHz denotes microprocessor internal clock speed; other factors may affect application performance. CPU speed will be reduced under certain operating conditions.
2. GB means one billion bytes when referring to hard drive capacity. Accessible capacity may vary. A portion of hard disk space is reserved as a recovery partition.
3. Requires compatible wireless LAN access point, sold separately. Intrnet connection may require fees.
4. DVD Media/Formats are not universally compatible.
5. i.LINK is a trademark of Sony used only to designate that a product contains an IEEE 1394 connector. All products with an i.LINK connector may not communicate with each other.
6. Supports Memory Stick PRO™ high capacity media tested up to 1GB. Does not support MagicGate™ functionality.
7. When available. Sony will provide Onsite Service in fulfifillment of its limited warranty obligations. Any such services are subject to the terms and conditions of the limited warranty. See actual Limited Warranty for details. Onsite Service will be provided via thrid party technician to be dispatched as needed following phone-base troubleshooting. Some repairs may be accomplished with self-repair kits. Onsite Service may not be available in all locations.
8. For certain third party software applications, Sony provides first level Phone Support. Additional telephone support may be available from the applicable 3rd party vendor. Availability and schedule for any such support is determined by the applicable software vendor.

Computer Interface: The computer industry lacks standards, and therefore, there are a multitude of varying software packages and add-on hardware options. This personal computer is not manufactured to operate any specific software, and Sony does not and cannot make any warranty or representation with respect to the performance of this product with any particular software packages and/or non-Sony add-on hardware option except those mentioned in this document. Sony hereby disclaims any representations or warranty that this product is compatible with any combination of non-Sony products you may choose to connect. While Sony representatives or Sony authorized dealers may be able to assist you and may make recommendations, they are NOT authorized to vary or waive this disclaimer. Purchasers must determine for themselves the suitability and compatibility of the hardware and software in each and every particular instance. Some pre-installed software titles may not include full documentation. Software titles pre-installed on the Sony Desktop Computer are subject to change without notice.
